**ESPASSO**

ESPASSO (espasso.com)

TriBeCa-based Espasso was founded as America's first showroom dedicated to contemporary Brazilian furniture and design. Espasso's talents are both heavyweight and historic: Tropical-modernist master Isay Weinfeld; Bauhaus-inspired architect Arthur Casas; rare-woods expert Etel Carmona. "We use their contemporary pieces for a pop of color, their vintage pieces for one of a kind sculptural elements, and their outdoor furniture for our beach projects," Liss says.
