Espresso Collection launching at Le Magazyn

First of all let me be clear: this journal is not only about the events that we host at Le Magazyn!!! But maybe we feel a little like the parents of a newborn who want to show off their baby. We celebrate all our designers, friends, milestones, every opportunity we get.

That being said, we did it again!

We hosted a fabulous happy hour to celebrate the launch of the Espasso Collection at Le Magazyn. How could we not celebrate this great collaboration?!

15 years ago Espasso founder Carlos Junqueira brought the most talented and successful Brazilian furniture designers to the US. Since opening in New York, Espasso expanded to London and Miami, and now Le Magazyn is proud to be Espasso's exclusive representative in California.

At Le Magazyn we showcase the most iconic pieces from the Espasso collection; from designers such as Zanini de Zanine, Carlos Motta, Etel Carmona, Claudia Moreira Salles, Arthur Casas, and Sergio Rodrigues among others. Beyond our inventory, the entire collection is available to order.

Don't be sad if you missed our super cool event and don't wait until our next party to come in and discover our beautiful space while sipping an espresso with us.

Come share the Vibe!
