

# NORTH SHORE HOME

EXCLUSIVE DIGEST FOR INTERIOR DESIGN, ARCHITECTURE, AND REAL ESTATE ON CHICAGO'S NORTH SHORE

Photography by Brian Briggs

Brazilian design welcome in any Espasso ('space' in Portuguese). The Crescente Stand is made with dark imbuia wood and leather and can be used for storage, a bar, filing cabinet, book shelf, or a combination. The Espasso line from Brazil first embarked on the U.S. design scene in New York, May of 2002. The appeal is a mix of the familiar—sleek lines, modern materials, functional forms—with a dash of the exotic. The Espasso line now appears in Chicago exclusively at the new Wicker Park design boutique, Abode. 773.227.6400.
