

## Outdoor collection by Espasso

Celebrating its 15th birthday, the Brazilian design gallery Espasso will inaugurate its newly expanded Miami location in Ironside with the US launch of its outdoor collection. Comprising pieces by Arthur Casas, Zanini de Zanine and Carlos Motta, the collection welcomes fresh designs from Rodrigo Ohtake (pictured) and Ronald Sasson. Both available in limited editions and made from stainless steel, Sasson's solid 'Nin' chair boasts a dramatic, yet minimal aesthetic while Ohtake's geometric pieces are designed to make as little contact with the floor as possible.

1-18 December; Miami Ironside, 7610 NE 4th Ct, Miami;
